Did you know that hair products expire?

Most hair products that are more naturally based, such as the ones manufactured by the companies who we choose to partner with, use few preservatives and have a shelf life of about 9-12 months.

If your hair products have been sitting around for a while, it may be time to replace them for maximum freshness (smell/texture included) and performance.

Spring clean your bathroom cabinets! We are offering 20% off all hair products in May!

(excludes Monat)

Update on Jelena

As many of you have asked, Jelena is still in Serbia helping her mom. We are keeping in touch and hope for her return home soon! We will be sure to send out a note when her schedule opens up. Please feel free to see any of our talented stylists for your hair needs while she is away.

If you love what we do, please write us a review ([click here](#))

- The new building across the street from the Quay has underground public parking
