Esther would be thrilled to see some of our existing and new clients in the salon.

New Service: Scalp Facial!

Similar to a regular facial, a scalp facial can provide many benefits. This multi-step treatment deeply cleanses to remove impurities, excess oil, and product build-up from the scalp. Scalp facials can also help to unclog the hair follicles to support stronger, healthier hair growth. Do you have dandruff or an itchy scalp? This treatment can also help with that! Your scalp with thank you for this special treat, complete with a hot towel wrap and scalp massage!

We use ALL CANADIAN products in this luxurious new treatment, and you can take them home for a continued salon experience too.

Enjoy a Scalp Facial this month for \$40 (reg \$55)

Exploring Peru: A Guide from Lima to Machu Picchu

by Kate Weiss, Upscale Travel

JOY studio

Peru is a land of rich history, stunning landscapes, and ancient civilizations. In this Peru travel guide, I'll share my unforgettable journey, including top destinations like Lima, Cusco, and the world-famous Machu Picchu.

Preparing for Altitude

Cusco and Machu Picchu are at high elevation which can affect travelers who are not accustomed to altitude. Altitude sickness, with its headaches, nausea and shortness of breath, can really sneak up on you so be prepared with a little advance preparation before you leave home. Consult with your local travel clinic or family doctor for prescription medication. The hotels we stayed at provided complimentary coca tea, a traditional remedy, and coca candies are readily available at stores.
